Disclosure	Reporting requirements	
GRI 102: General Disclosures		
1. Organizational profile		
102-1 Name of the organization	a. Name of the organization	Shin-Etsu Chemical TOP > Corporate Information > Company Profile
102-2 Activities, brands, products, and services	a. A description of the organization's activities b. Primary brands, products, and services, including an explanation of any products or services that are banned in certain markets	Shin-Etsu Chemical TOP > Corporate Information > Company Profile
102-3 Location of headquarters	a. Location of the organization's headquarters	Shin-Etsu Chemical TOP > Corporate Information > Company Profile
102-4 Location of operations	a. Number of countries where the organization operates, and the names of countries where it has significant operations and/or that are relevant to the topics covered in the report	Shin-Etsu Chemical TOP > Corporate Information > Major Bases of Operation / Worldwide Network
102-5 Ownership and legal form	a. Nature of ownership and legal form	Shin-Etsu Chemical TOP > Corporate Information > Company Profile
102-6 Markets served	a. Markets served, including: i. geographic locations where products and services are offered; ii. sectors served; iii. types of customers and beneficiaries	Shin-Etsu Chemical TOP > Corporate Information > Company Profile
102-7 Scale of the organization	a. Scale of the organization, including: i. total number of employees; ii. total number of operations; iii. net sales (for private sector organizations) or net revenues (for public sector organizations); iv. total capitalization (for private sector organizations) broken down in terms of debt and equity; v. quantity of products or services provided	ESG Data > Key Issue 5: Respect for human rights, the development of human resources and the promotion of diversity Shin-Etsu Chemical TOP > Financial & IR Information > IR Library > Annual Securities Report FY2017 (only Japanese available)
102-8 Information on employees and other workers	a. Total number of employees by employment contract (permanent and temporary), by gender b. Total number of employees by employment contract (permanent and temporary), by region c. Total number of employees by employment type (full-time and part-time), by gender d. Whether a significant portion of the organization's activities are performed by workers who are not employees. If applicable, a description of the nature and scale of work performed by workers who are not employees e. Any significant variations in the numbers reported in Disclosures 102-8-a, 102-8-b, and 102-8-c (such as seasonal variations in the tourism or agricultural industries) f. An explanation of how the data have been compiled, including any assumptions made	ESG Data > Key Issue 5: Respect for human rights, the development of human resources and the promotion of diversity
102-9 Supply chain	a. A description of the organization's supply chain, including its main elements as they relate to the organization's activities, primary brands, products, and services	Key Issue 4: Promoting CSR procurement and the diversification of supply sources
102-10 Significant changes to the organization and its supply chain	a. Significant changes to the organization's size, structure, ownership, or supply chain, including: i. Changes in the location of, or changes in, operations, including facility openings, closings, and expansions; ii. Changes in the share capital structure and other capital formation, maintenance, and alteration operations (for private sector organizations); iii. Changes in the location of suppliers, the structure of the supply chain, or relationships with suppliers, including selection and termination	NA
102-11 Precautionary Principle or approach	a. Whether and how the organization applies the Precautionary Principle or approach	Shin-Etsu Group Key CSR Issues
102-12 External initiatives	a. A list of externally-developed economic, environmental and social charters, principles, or other initiatives to which the organization subscribes, or which it endorses	Message from Management About This Site
102-13 Membership of associations	a. A list of the main memberships of industry or other associations, and national or international advocacy organizations	About This Site
2. Strategy		
102-14 Statement from senior decision-maker	a. A statement from the most senior decision-maker of the organization (such as CEO, chair, or equivalent senior position) about the relevance of sustainability to the organization and its strategy for addressing sustainability	Message from Management
102-15 Key impacts, risks, and opportunities	a. A description of key impacts, risks, and opportunities	Risk Management Shin-Etsu Chemical TOP > Financial & IR Information > IR Library > Annual Securities Report FY2017 (only Japanese available)

Disclosure	Reporting requirements	
3. Ethics and integrity		
102-16 Values, principles, standards, and norms of behavior	a. A description of the organization's values, principles, standards, and norms of behavior	Shin-Etsu Group Corporate Mission Statement & Basic CSR Policy
102-17 Mechanisms for advice and concerns about ethics	a. A description of internal and external mechanisms for: i. seeking advice about ethical and lawful behavior, and organizational integrity; ii. reporting concerns about unethical or unlawful behavior, and organizational integrity	The cornerstone of all activities: legal compliance, fair corporate activities
4. Governance		
102-18 Governance structure	a. Governance structure of the organization, including committees of the highest governance body b. Committees responsible for decision-making on economic, environmental, and social topics	Corporate Governance
102-19 Delegating authority	a. Process for delegating authority for economic, environmental, and social topics from the highest governance body to senior executives and other employees	-
102-20 Executive-level responsibility for economic, environmental, and social topics	a. Whether the organization has appointed an executive-level position or positions with responsibility for economic, environmental, and social topics b. Whether post holders report directly to the highest governance body	CSR Promotion Structure Shin-Etsu Chemical TOP > Corporate Information > Organization > Board of Directors
102-21 Consulting stakeholders on economic, environmental, and social topics	a. Processes for consultation between stakeholders and the highest governance body on economic, environmental, and social topics b. If consultation is delegated, describe to whom it is delegated and how the resulting feedback is provided to the highest governance body	Corporate Governance Key Issue 5: Respect for human rights, the development of human resources and the promotion of diversity Key Issue 8: Accurate and timely information disclosure and communication with stakeholders
102-22 Composition of the highest governance body and its committees	a. Composition of the highest governance body and its committees by: i. executive or non-executive; ii. independence; iii. tenure on the governance body; iv. number of each individual's other significant positions and commitments, and the nature of the commitments; v. gender; vi. membership of under-represented social groups; vii. competencies relating to economic, environmental, and social topics; viii. stakeholder representation	Corporate Governance
102-23 Chair of the highest governance body	a. Whether the chair of the highest governance body is also an executive officer in the organization b. If the chair is also an executive officer, describe his or her function within the organization's management and the reasons for this arrangement	Corporate Governance
102-24 Nominating and selecting the highest governance body	a. Nomination and selection processes for the highest governance body and its committees b. Criteria used for nominating and selecting highest governance body members, including whether and how: i. stakeholders (including shareholders) are involved; ii. diversity is considered; iii. independence is considered; iv. expertise and experience relating to economic, environmental, and social topics are considered	Corporate Governance
102-25 Conflicts of interest	a. Processes for the highest governance body to ensure conflicts of interest are avoided and managed b. Whether conflicts of interest are disclosed to stakeholders, including, as a minimum: i. Cross-board membership; ii. Cross-shareholding with suppliers and other stakeholders; iii. Existence of controlling shareholder; iv. Related party disclosures	Corporate Governance Shin-Etsu Chemical TOP > Financial & IR Information > IR Library > Annual Securities Report FY2017 (only Japanese available)
102-26 Role of highest governance body in setting purpose, values, and strategy	a. Highest governance body's and senior executives' roles in the development, approval, and updating of the organization's purpose, value or mission statements, strategies, policies, and goals related to economic, environmental, and social topics	Message from Management Shin-Etsu Group Corporate Mission Statement & Basic CSR Policy
102-27 Collective knowledge of highest governance body	a. Measures taken to develop and enhance the highest governance body's collective knowledge of economic, environmental, and social topics	-

Disclosure	Reporting requirements	
102-43 Approach to stakeholder engagement	a. The organization's approach to stakeholder engagement, including frequency of engagement by type and by stakeholder group, and an indication of whether any of the engagement was undertaken specifically as part of the report preparation process	Specifying Shin-Etsu Group Key CSR Issues
102-44 Key topics and concerns raised	a. Key topics and concerns that have been raised through stakeholder engagement, including: i. how the organization has responded to those key topics and concerns, including through its reporting; ii. the stakeholder groups that raised each of the key topics and concerns	Specifying Shin-Etsu Group Key CSR Issues
6. Reporting practice		
102-45 Entities included in the consolidated financial statements	a. A list of all entities included in the organization's consolidated financial statements or equivalent documents b. Whether any entity included in the organization's consolidated financial statements or equivalent documents is not covered by the report	Shin-Etsu Chemical TOP > Financial & IR Information > IR Library > Annual Securities Report FY2017 (only Japanese available)
102-46 Defining report content and topic Boundaries	a. An explanation of the process for defining the report content and the topic Boundaries b. An explanation of how the organization has implemented the Reporting Principles for defining report content	Message from Management Specifying Shin-Etsu Group Key CSR Issues
102-47 List of material topics	a. A list of the material topics identified in the process for defining report content	Message from Management Specifying Shin-Etsu Group Key CSR Issues
102-48 Restatements of information	a. The effect of any restatements of information given in previous reports, and the reasons for such restatements	NA
102-49 Changes in reporting	a. Significant changes from previous reporting periods in the list of material topics and topic Boundaries	NA
102-50 Reporting period	a. Reporting period for the information provided	About This Site
102-51 Date of most recent report	a. If applicable, the date of the most recent previous report	About This Site
102-52 Reporting cycle	a. Reporting cycle	About This Site
102-53 Contact point for questions regarding the report	a. The contact point for questions regarding the report or its contents	Shin-Etsu Chemical CSR Site Questionnaire
102-54 Claims of reporting in accordance with the GRI Standards	a. The claim made by the organization, if it has prepared a report in accordance with the GRI Standards, either: i. 'This report has been prepared in accordance with the GRI Standards: Core option'; ii. 'This report has been prepared in accordance with the GRI Standards: Comprehensive option'.	About This Site GRI Standards Content Index
102-55 GRI content index	a. The GRI content index, which specifies each of the GRI Standards used and lists all disclosures included in the report b. For each disclosure, the content index shall include: i. the number of the disclosure (for disclosures covered by the GRI Standards); ii. the page number(s) or URL(s) where the information can be found, either within the report or in other published materials; iii. if applicable, and where permitted, the reason(s) for omission when a required disclosure cannot be made	GRI Standards Content Index
102-56 External assurance	a. A description of the organization's policy and current practice with regard to seeking external assurance for the report b. If the report has been externally assured: i. A reference to the external assurance report, statements, or opinions. If not included in the assurance report accompanying the sustainability report, a description of what has and what has not been assured and on what basis, including the assurance standards used, the level of assurance obtained, and any limitations of the assurance process; ii. The relationship between the organization and the assurance provider; iii. Whether and how the highest governance body or senior executives are involved in seeking external assurance for the organization's sustainability report	Responsible Care Audit of the Report (only Japanese available)

GRI 103: Management Approach		
103-1 Explanation of the material topic and its Boundary	For each material topic, the reporting organization shall report the following information: a. An explanation of why the topic is material. b. The Boundary for the material topic, which includes a description of: i. where the impacts occur; ii. the organization's involvement with the impacts. For example, whether the organization has caused or contributed to the impacts, or is directly linked to the impacts through its business relationships. c. Any specific limitation regarding the topic Boundary.	Message from Management Specifying Shin-Etsu Group Key CSR Issues
103-2 The management approach and its components	For each material topic, the reporting organization shall report the following information: a. An explanation of how the organization manages the topic. b. A statement of the purpose of the management approach. c. A description of the following, if the management approach includes that component: i. Policies ii. Commitments iii. Goals and targets iv. Responsibilities v. Resources vi. Grievance mechanisms vii. Specific actions, such as processes, projects, programs and initiatives	Specifying Shin-Etsu Group Key CSR Issues The cornerstone of all activities: legal compliance, fair corporate activities
103-3 Evaluation of the management approach	For each material topic, the reporting organization shall report the following information: a. An explanation of how the organization evaluates the management approach, including: i. the mechanisms for evaluating the effectiveness of the management approach; ii. the results of the evaluation of the management approach; iii. any related adjustments to the management approach.	Specifying Shin-Etsu Group Key CSR Issues The cornerstone of all activities: legal compliance, fair corporate activities
GRI 201: Economic Performance		
201-1 Direct economic value generated and distributed	a. Direct economic value generated and distributed (EVG&D) on an accruals basis, including the basic components for the organization's global operations as listed below. If data are presented on a cash basis, report the justification for this decision in addition to reporting the following basic components: i. Direct economic value generated: revenues; ii. Economic value distributed: operating costs, employee wages and benefits, payments to providers of capital, payments to government by country, and community investments; iii. Economic value retained: 'direct economic value generated' less 'economic value distributed'. b. Where significant, report EVG&D separately at country, regional, or market levels, and the criteria used for defining significance.	Shin-Etsu Chemical TOP > Financial & IR Information > IR Library > Annual Securities Report FY2017 (only Japanese available)
201-2 Financial implications and other risks and opportunities due to climate change	a. Risks and opportunities posed by climate change that have the potential to generate substantive changes in operations, revenue, or expenditure, including: i. a description of the risk or opportunity and its classification as either physical, regulatory, or other; ii. a description of the impact associated with the risk or opportunity; iii. the financial implications of the risk or opportunity before action is taken; iv. the methods used to manage the risk or opportunity; v. the methods used to manage the risk or opportunity;	Shin-Etsu Group's products which contribute to the solution of the UN "Sustainable Development Goals (SDGs)" Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Response to climate change Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Environmental Accounting Shin-Etsu Chemical TOP > Financial & IR Information > IR Library > Annual Securities Report FY2017 (only Japanese available)
201-3 Defined benefit plan obligations and other retirement plans	a. If the plan's liabilities are met by the organization's general resources, the estimated value of those liabilities b. If a separate fund exists to pay the plan's pension liabilities: i. the extent to which the scheme's liabilities are estimated to be covered by the assets that have been set aside to meet them; ii. the basis on which that estimate has been arrived at; iii. when that estimate was made. c. If a fund set up to pay the plan's pension liabilities is not fully covered, explain the strategy, if any, adopted by the employer to work towards full coverage, and the timescale, if any, by which the employer hopes to achieve full coverage. d. Percentage of salary contributed by employee or employer. e. Level of participation in retirement plans, such as participation in mandatory or voluntary schemes, regional, or country-based schemes, or those with financial impact.	NA

201-4 Financial assistance received from government	a. If the plan's liabilities are met by the organization's general resources, the estimated value of those liabilities <ul style="list-style-type: none"> i. tax relief and tax credits; ii. subsidies; iii. investment grants, research and development grants, and other relevant types of grant; iv. awards; v. royalty holidays; vi. financial assistance from Export Credit Agencies (ECAs); vii. financial incentives; viii. other financial benefits received or receivable from any government for any operation. b. The information in 201-4-a by country c. Whether, and the extent to which, any government is present in the shareholding structure	NA
GRI 202: Market Presence		
202-1 Ratios of standard entry level wage by gender compared to local minimum wage	a. When a significant proportion of employees are compensated based on wages subject to minimum wage rules, report the relevant ratio of the entry level wage by gender at significant locations of operation to the minimum wage b. When a significant proportion of other workers (excluding employees) performing the organization's activities are compensated based on wages subject to minimum wage rules, describe the actions taken to determine whether these workers are paid above the minimum wage c. Whether a local minimum wage is absent or variable at significant locations of operation, by gender. In circumstances in which different minimums can be used as a reference, report which minimum wage is being used d. The definition used for 'significant locations of operation'	-
202-2 Proportion of senior management hired from the local community	a. Percentage of senior management at significant locations of operation that are hired from the local community b. The definition used for 'senior management' c. The organization's geographical definition of 'local' d. The definition used for 'significant locations of operation'	-
GRI 203: Indirect Economic Impacts		
203-1 Infrastructure investments and services supported	a. Extent of development of significant infrastructure investments and services supported b. Current or expected impacts on communities and local economies, including positive and negative impacts where relevant. c. Whether these investments and services are commercial, in-kind, or pro bono engagements	-
203-2 Significant indirect economic impacts	a. Examples of significant identified indirect economic impacts of the organization, including positive and negative impacts b. Significance of the indirect economic impacts in the context of external benchmarks and stakeholder priorities, such as national and international standards, protocols, and policy agendas	-
GRI 204: Procurement Practices		
204-1 Proportion of spending on local suppliers	a. Percentage of the procurement budget used for significant locations of operation that is spent on suppliers local to that operation (such as percentage of products and services purchased locally) b. The organization's geographical definition of 'local' c. The definition used for 'significant locations of operation'	-
GRI 205: Anti-corruption		
205-1 Operations assessed for risks related to corruption	a. Total number and percentage of operations assessed for risks related to corruption b. Significant risks related to corruption identified through the risk assessment	-
205-2 Communication and training about anti-corruption policies and procedures	a. Total number and percentage of governance body members that the organization's anti-corruption policies and procedures have been communicated to, broken down by region b. Total number and percentage of employees that the organization's anti-corruption policies and procedures have been communicated to, broken down by employee category and region c. Total number and percentage of business partners that the organization's anti-corruption policies and procedures have been communicated to, broken down by type of business partner and region. Describe if the organization's anti-corruption policies and procedures have been communicated to any other persons or organizations d. Total number and percentage of governance body members that have received training on anti-corruption, broken down by region e. Total number and percentage of employees that have received training on anti-corruption, broken down by employee category and region	-

205-3 Confirmed incidents of corruption and actions taken	a. Total number and nature of confirmed incidents of corruption b. Total number of confirmed incidents in which employees were dismissed or disciplined for corruption c. Total number of confirmed incidents when contracts with business partners were terminated or not renewed due to violations related to corruption d. Public legal cases regarding corruption brought against the organization or its employees during the reporting period and the outcomes of such cases	ESG Data > The cornerstone of all activities: legal compliance, fair corporate activities
GRI 206: Anti-competitive Behavior		
206-1 Legal actions for anti-competitive behavior, anti-trust, and monopoly practices	a. Number of legal actions pending or completed during the reporting period regarding anti-competitive behavior and violations of anti-trust and monopoly legislation in which the organization has been identified as a participant b. Main outcomes of completed legal actions, including any decisions or judgments	-
GRI 301: Materials		
301-1 Materials used by weight or volume	a. Total weight or volume of materials that are used to produce and package the organization's primary products and services during the reporting period, by: <ul style="list-style-type: none"> i. non-renewable materials used; ii. renewable materials used. 	-
301-2 Recycled input materials used	a. Percentage of recycled input materials used to manufacture the organization's primary products and services	-
301-3 Reclaimed products and their packaging mater	a. Percentage of reclaimed products and their packaging materials for each product category b. How the data for this disclosure have been collected	-
GRI 302: Energy		
302-1 Energy consumption within the organization	a. Total fuel consumption within the organization from non-renewable sources, in joules or multiples, and including fuel types used b. Total fuel consumption within the organization from renewable sources, in joules or multiples, and including fuel types used c. In joules, watt-hours or multiples, the total: <ul style="list-style-type: none"> i. electricity consumption ii. heating consumption iii. cooling consumption iv. steam consumption d. In joules, watt-hours or multiples, the total: <ul style="list-style-type: none"> i. electricity sold ii. heating sold iii. cooling sold iv. steam sold e. Total energy consumption within the organization, in joules or multiples f. Standards, methodologies, assumptions, and/or calculation tools used g. Source of the conversion factors used	Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Response to climate change Environmental Data
302-2 Energy consumption outside of the organization	a. Energy consumption outside of the organization, in joules or multiples b. Standards, methodologies, assumptions, and/or calculation tools used c. Source of the conversion factors used	-
302-3 Energy intensity	a. Energy intensity ratio for the organization b. Organization-specific metric (the denominator) chosen to calculate the ratio c. Types of energy included in the intensity ratio; whether fuel, electricity, heating, cooling, steam, or all d. Whether the ratio uses energy consumption within the organization, outside of it, or both	Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Response to climate change Environmental Data
302-4 Reduction of energy consumption	a. Amount of reductions in energy consumption achieved as a direct result of conservation and efficiency initiatives, in joules or multiples b. Types of energy included in the reductions; whether fuel, electricity, heating, cooling, steam, or all c. Basis for calculating reductions in energy consumption, such as base year or baseline, including the rationale for choosing it d. Standards, methodologies, assumptions, and/or calculation tools used	Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Response to climate change Environmental Data
302-5 Reductions in energy requirements of products and services	a. Reductions in energy requirements of sold products and services achieved during the reporting period, in joules or multiples. b. Basis for calculating reductions in energy consumption, such as base year or baseline, including the rationale for choosing it c. Standards, methodologies, assumptions, and/or calculation tools used	-

GRI 303: Water		
303-1 Water withdrawal by source	a. Total volume of water withdrawn, with a breakdown by the following sources: i. Surface water, including water from wetlands, rivers, lakes, and oceans; ii. Ground water; iii. Rainwater collected directly and stored by the organization; iv. Waste water from another organization; v. Municipal water supplies or other public or private water utilities b. Standards, methodologies, and assumptions used	Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Environment Management Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Water resource conservation, water pollutant elimination ESG Data > Key Issue 2: Energy-saving, resource-saving and the reduction of the environmental impact
303-2 Water sources significantly affected by withdrawal of water	a. Total number of water sources significantly affected by withdrawal by type: i. Size of the water source; ii. Whether the source is designated as a nationally or internationally protected area; iii. Biodiversity value (such as species diversity and endemism, and total number of protected species); iv. Value or importance of the water source to local communities and indigenous peoples b. Standards, methodologies, and assumptions used	-
303-3 Water recycled and reused	a. Total volume of water recycled and reused by the organization; b. Total volume of water recycled and reused as a percentage of the total water withdrawal as specified in Disclosure 303-1 c. Standards, methodologies, and assumptions used	Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Water resource conservation, water pollutant elimination Environmental Data
GRI 304: Biodiversity		
304-1 Operational sites owned, leased, managed in, or adjacent to, protected areas and areas of high biodiversity value outside protected areas	a. For each operational site owned, leased, managed in, or adjacent to, protected areas and areas of high biodiversity value outside protected areas, the following information: i. Geographic location; ii. Subsurface and underground land that may be owned, leased, or managed by the organization; iii. Position in relation to the protected area (in the area, adjacent to, or containing portions of the protected area) or the high biodiversity value area outside protected areas; iv. Type of operation (office, manufacturing or production, or extractive); v. Size of operational site in km ² (or another unit, if appropriate); vi. Biodiversity value characterized by the attribute of the protected area or area of high biodiversity value outside the protected area (terrestrial, freshwater, or maritime ecosystem); vii. Biodiversity value characterized by listing of protected status (such as IUCN Protected Area Management Categories, Ramsar Convention, national legislation)	Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Conservation of biodiversity initiatives, pollutant countermeasures
304-2 Significant impacts of activities, products, and services on biodiversity	a. Nature of significant direct and indirect impacts on biodiversity with reference to one or more of the following: i. Construction or use of manufacturing plants, mines, and transport infrastructure; ii. Pollution (introduction of substances that do not naturally occur in the habitat from point and non-point sources); iii. Introduction of invasive species, pests, and pathogens; iv. Reduction of species; v. Habitat conversion; vi. Changes in ecological processes outside the natural range of variation (such as salinity or changes in groundwater level) b. Significant direct and indirect positive and negative impacts with reference to the following: i. Species affected; ii. Extent of areas impacted; iii. Duration of impacts; iv. Reversibility or irreversibility of the impacts	Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Conservation of biodiversity initiatives, pollutant countermeasures
304-3 Habitats protected or restored	a. Size and location of all habitat areas protected or restored, and whether the success of the restoration measure was or is approved by independent external professionals b. Whether partnerships exist with third parties to protect or restore habitat areas distinct from where the organization has overseen and implemented restoration or protection measures c. Status of each area based on its condition at the close of the reporting period d. Standards, methodologies, and assumptions used	-
304-4 IUCN Red List species and national conservation list species with habitats in areas affected by operations	a. IUCN Total number of IUCN Red List species and national conservation list species with habitats in areas affected by the operations of the organization, by level of extinction risk: i. Critically endangered ii. Endangered iii. Vulnerable iv. Near threatened v. Least concern	-

GRI 306: Effluents and Waste		
306-1 Water discharge by quality and destination	a. Total volume of planned and unplanned water discharges by: <ol style="list-style-type: none"> i. destination; ii. quality of the water, including treatment method; iii. whether the water was reused by another organization. b. Standards, methodologies, and assumptions used	Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Environment Management Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Water resource conservation, water pollutant elimination Environmental Data
306-2 Waste by type and disposal method	a. Total weight of hazardous waste, with a breakdown by the following disposal methods where applicable: <ol style="list-style-type: none"> i. Reuse ii. Recycling iii. Composting iv. Recovery, including energy recovery v. Incineration (mass burn) vi. Deep well injection vii. Landfill viii. On-site storage ix. Other (to be specified by the organization) b. Total weight of non-hazardous waste, with a breakdown by the following disposal methods where applicable: <ol style="list-style-type: none"> i. Reuse ii. Recycling iii. Composting iv. Recovery, including energy recovery v. Incineration (mass burn) vi. Deep well injection vii. Landfill viii. On-site storage ix. Other (to be specified by the organization) c. How the waste disposal method has been determined: <ol style="list-style-type: none"> i. Disposed of directly by the organization, or otherwise directly confirmed ii. Information provided by the waste disposal contractor iii. Organizational defaults of the waste disposal contractor 	Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Waste reduction Environmental Data
306-3 Significant spills	a. Total number and total volume of recorded significant spills b. The following additional information for each spill that was reported in the organization's financial statements: <ol style="list-style-type: none"> i. Location of spill; ii. Volume of spill; iii. Material of spill, categorized by: oil spills (soil or water surfaces), fuel spills (soil or water surfaces), spills of wastes (soil or water surfaces), spills of chemicals (mostly soil or water surfaces), and other (to be specified by the organization). c. Impacts of significant spills	Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Water resource conservation, water pollutant elimination
306-4 Transport of hazardous waste	a. Total weight for each of the following: <ol style="list-style-type: none"> i. Hazardous waste transported ii. Hazardous waste imported iii. Hazardous waste exported iv. Hazardous waste treated b. Percentage of hazardous waste shipped internationally c. Standards, methodologies, and assumptions used	-
306-5 Water bodies affected by water discharges and/or runoff	a. Water bodies and related habitats that are significantly affected by water discharges and/or runoff, including information on: <ol style="list-style-type: none"> i. the size of the water body and related habitat; ii. whether the water body and related habitat is designated as a nationally or internationally protected area; iii. the biodiversity value, such as total number of protected species 	-
GRI 307: Environmental Compliance		
307-1 Non-compliance with environmental laws and regulations	a. Significant fines and non-monetary sanctions for non-compliance with environmental laws and/or regulations in terms of: <ol style="list-style-type: none"> i. total monetary value of significant fines; ii. total number of non-monetary sanctions; iii. cases brought through dispute resolution mechanisms. b. If the organization has not identified any non-compliance with environmental laws and/or regulations, a brief statement of this fact is sufficient	Key Issue2: Energy-saving, resource-saving and the reduction of the environmental impact > Water resource conservation, water pollutant elimination
GRI 308: Supplier Environmental Assessment		
308-1 New suppliers that were screened using environmental criteria	a. Percentage of new suppliers that were screened using environmental criteria	-

Blue: Core Disclosures		Corresponding Web Pages
Disclosure	Reporting requirements	
308-2 Negative environmental impacts in the supply chain and actions tak	a. Number of suppliers assessed for environmental impacts b. Number of suppliers identified as having significant actual and potential negative environmental impacts c. Significant actual and potential negative environmental impacts identified in the supply chain d. Percentage of suppliers identified as having significant actual and potential negative environmental impacts with which improvements were agreed upon as a result of assessment e. Percentage of suppliers identified as having significant actual and potential negative environmental impacts with which relationships were terminated as a result of assessment, and why	Key Issue4: Promoting CSR procurement and the diversification of supply sources
GRI 401: Employment		
401-1 New employee hires and employee turnover	a. Total number and rate of new employee hires during the reporting period, by age group, gender and region b. Total number and rate of employee turnover during the reporting period, by age group, gender and region	ESG Data > Key Issue5: Respect for human rights, the development of human resources and the promotion of diversity Shin-Etsu Chemical TOP > Recruit-Employment Opportunities > FAQ (only Japanese available)
401-2 Benefits provided to full-time employees that are not provided to temporary or part-time employees	a. Benefits which are standard for full-time employees of the organization but are not provided to temporary or part-time employees, by significant locations of operation. These include, as a minimum: i. life insurance; ii. health care; iii. disability and invalidity coverage; iv. parental leave; v. retirement provision; vi. stock ownership; vii. others. b. The definition used for 'significant locations of operation'	Key Issue5: Respect for human rights, the development of human resources and the promotion of diversity
401-3 Parental leave	a. Total number of employees that were entitled to parental leave, by gender b. Total number of employees that took parental leave, by gender c. Total number of employees that returned to work in the reporting period after parental leave ended, by gender d. Total number of employees that returned to work after parental leave ended that were still employed 12 months after their return to work, by gender e. Return to work and retention rates of employees that took parental leave, by gender	Key Issue5: Respect for human rights, the development of human resources and the promotion of diversity ESG Data > Key Issue5: Respect for human rights, the development of human resources and the promotion of diversity
GRI 402: Labor/Management Relations		
402-1 Minimum notice periods regarding operational changes	a. Minimum number of weeks' notice typically provided to employees and their representatives prior to the implementation of significant operational changes that could substantially affect them b. For organizations with collective bargaining agreements, report whether the notice period and provisions for consultation and negotiation are specified in collective agreements	-
GRI 403: Occupational Health and Safety		
403-1 Workers representation in formal joint management-worker health and safety committees	a. The level at which each formal joint management-worker health and safety committee typically operates within the organization b. Percentage of workers whose work, or workplace, is controlled by the organization, that are represented by formal joint management-worker health and safety committees	-
403-2 Types of injury and rates of injury, occupational diseases, lost days, and absenteeism, and number of work-related fatalities	a. Types of injury, injury rate (IR), occupational disease rate (ODR), lost day rate (LDR), absentee rate (AR), and work-related fatalities, for all employees, with a breakdown by: i. region; ii. gender. b. Types of injury, injury rate (IR), and work-related fatalities, for all workers (excluding employees) whose work, or workplace, is controlled by the organization, with a breakdown by: i. region; ii. gender. c. The system of rules applied in recording and reporting accident statistics	Key Issue1: Employees and contractor health and safety ESG Data > Key Issue1: Employees and contractor health and safety
403-3 Workers with high incidence or high risk of diseases related to their occupation	a. Whether there are workers whose work, or workplace, is controlled by the organization, involved in occupational activities who have a high incidence or high risk of specific diseases	-
403-4 Health and safety topics covered in formal agreements with trade unions	a. Whether formal agreements (either local or global) with trade unions cover health and safety b. If so, the extent, as a percentage, to which various health and safety topics are covered by these agreements	-
GRI 404: Training and Education		
404-1 Average hours of training per year per employee	a. Average hours of training that the organization's employees have undertaken during the reporting period, by: i. gender; ii. employee category	-

404-2 Programs for upgrading employee skills and transition assistance programs	a. Type and scope of programs implemented and assistance provided to upgrade employee skills b. Transition assistance programs provided to facilitate continued employability and the management of career endings resulting from retirement or termination of employment	Key Issue5: Respect for human rights, the development of human resources and the promotion of diversity
404-3 Percentage of employees receiving regular performance and career development reviews	a. Percentage of total employees by gender and by employee category who received a regular performance and career development review during the reporting period	-
GRI 405: Diversity and Equal Opportunity		
405-1 Diversity of governance bodies and employees	a. Percentage of individuals within the organization's governance bodies in each of the following diversity categories: i. Gender; ii. Age group: under 30 years old, 30-50 years old, over 50 years old; iii. Other indicators of diversity where relevant (such as minority or vulnerable groups) b. Percentage of employees per employee category in each of the following diversity categories: i. Gender; ii. Age group: under 30 years old, 30-50 years old, over 50 years old; iii. Other indicators of diversity where relevant (such as minority or vulnerable groups)	-
405-2 Ratio of basic salary and remuneration of women to men	a. Ratio of the basic salary and remuneration of women to men for each employee category, by significant locations of operation b. The definition used for 'significant locations of operation'	-
GRI 406: Non-discrimination		
406-1 Incidents of discrimination and corrective actions taken	a. Total number of incidents of discrimination during the reporting period b. Status of the incidents and actions taken with reference to the following: i. Incident reviewed by the organization; ii. Remediation plans being implemented; iii. Remediation plans that have been implemented, with results reviewed through routine internal management review processes; iv. Incident no longer subject to action.	-
GRI 407: Freedom of Association and Collective Bargaining		
407-1 Operations and suppliers in which the right to freedom of association and collective bargaining may be at risk	a. Operations and suppliers in which workers' rights to exercise freedom of association or collective bargaining may be violated or at significant risk either in terms of: i. type of operation (such as manufacturing plant) and supplier; ii. countries or geographic areas with operations and suppliers considered at risk. b. Measures taken by the organization in the reporting period intended to support rights to exercise freedom of association and collective bargaining	-
GRI 408: Child Labor		
408-1 Operations and suppliers at significant risk for incidents of child labor	a. Operations and suppliers considered to have significant risk for incidents of: i. child labor; ii. young workers exposed to hazardous work. b. Operations and suppliers considered to have significant risk for incidents of child labor either in terms of: i. type of operation (such as manufacturing plant) and supplier; ii. countries or geographic areas with operations and suppliers considered at risk. c. Measures taken by the organization in the reporting period intended to contribute to the effective abolition of child labor	Key Issue4: Promoting CSR procurement and the diversification of supply sources Key Issue5: Respect for human rights, the development of human resources and the promotion of diversity
GRI 409: Forced or Compulsory Labor		
409-1 Operations and suppliers at significant risk for incidents of forced or compulsory labor	a. Operations and suppliers considered to have significant risk for incidents of forced or compulsory labor either in terms of: i. type of operation (such as manufacturing plant) and supplier; ii. countries or geographic areas with operations and suppliers considered at risk b. Measures taken by the organization in the reporting period intended to contribute to the elimination of all forms of forced or compulsory labor	Key Issue4: Promoting CSR procurement and the diversification of supply sources Key Issue5: Respect for human rights, the development of human resources and the promotion of diversity
GRI 410: Security Practices		
410-1 Security personnel trained in human rights policies or procedures	a. Percentage of security personnel who have received formal training in the organization's human rights policies or specific procedures and their application to security b. Whether training requirements also apply to third-party organizations providing security personnel	-

GRI 411: Rights of Indigenous Peoples		
411-1 Incidents of violations involving rights of indigenous peoples	a. Total number of identified incidents of violations involving the rights of indigenous peoples during the reporting period b. Status of the incidents and actions taken with reference to the following: <ol style="list-style-type: none"> i. Incident reviewed by the organization; ii. Remediation plans being implemented; iii. Remediation plans that have been implemented, with results reviewed through routine internal management review processes; iv. Incident no longer subject to action. 	-
GRI 412: Human Rights Assessment		
412-1 Operations that have been subject to human rights reviews or impact assessments	a. Total number and percentage of operations that have been subject to human rights reviews or human rights impact assessments, by country.	-
412-2 Significant investment agreements and contracts that include human rights clauses or that underwent human rights screening	a. Total number and percentage of significant investment agreements and contracts that include human rights clauses or that underwent human rights screening b. The definition used for 'significant investment agreements'	-
412-3 人権条項を含むもしくは人権スクリーニングを受けた重要な投資協定および契約	報告組織は、次の情報を報告しなければならない。 a. 人権条項を含むもしくは人権スクリーニングを受けた重要な投資協定および契約の総数と割合 b. 「重要な投資協定」の定義	-
GRI 413: Local Communities		
413-1 Operations with local community engagement, impact assessments, and development programs	a. Percentage of operations with implemented local community engagement, impact assessments, and/or development programs, including the use of: <ol style="list-style-type: none"> i. social impact assessments, including gender impact assessments, based on participatory processes; ii. environmental impact assessments and ongoing monitoring; iii. public disclosure of results of environmental and social impact assessments; iv. local community development programs based on local communities' needs; v. stakeholder engagement plans based on stakeholder mapping; vi. broad based local community consultation committees and processes that include vulnerable groups; vii. works councils, occupational health and safety committees and other worker representation bodies to deal with impacts; viii. formal local community grievance processes. 	-
413-2 Operations with significant actual and potential negative impacts on local communities	a. Operations with significant actual and potential negative impacts on local communities, including: <ol style="list-style-type: none"> i. the location of the operations; ii. the significant actual and potential negative impacts of operations. 	-
GRI 414: Supplier Social Assessment		
414-1 New suppliers that were screened using social criteria	a. Percentage of new suppliers that were screened using social criteria	-
414-2 Negative social impacts in the supply chain and actions taken	a. Number of suppliers assessed for social impacts b. Number of suppliers identified as having significant actual and potential negative social impacts c. Significant actual and potential negative social impacts identified in the supply chain d. Percentage of suppliers identified as having significant actual and potential negative social impacts with which improvements were agreed upon as a result of assessment e. Percentage of suppliers identified as having significant actual and potential negative social impacts with which relationships were terminated as a result of assessment, and why	Key Issue4: Promoting CSR procurement and the diversification of supply sources
GRI 415: Public Policy		
415-1 Political contributions	a. Total monetary value of financial and in-kind political contributions made directly and indirectly by the organization by country and recipient/beneficiary b. If applicable, how the monetary value of in-kind contributions was estimated	ESG Data > Corporate Governance
GRI 416: Customer Health and Safety		
416-1 Assessment of the health and safety impacts of product and service categories	a. Percentage of significant product and service categories for which health and safety impacts are assessed for improvement.	-
