

## GRI Standards Content Index

Standard	Disclosure	Reporting requirements	Corresponding Web Pages
<b>GRI 2: General Disclosures</b>			
<b>1. The organization and its reporting practices</b>			
2-1	Organizational detailsf	a. report its legal name; b. report its nature of ownership and legal form; c. report the location of its headquarters; d. report its countries of operation.	<a href="#">Shin-Etsu Chemical TOP &gt; Company &gt; Company Profile</a>
2-2	Entities included in the organization's sustainability reporting	a. list all its entities included in its sustainability reporting; b. if the organization has audited consolidated financial statements or financial information filed on public record, specify the differences between the list of entities included in its financial reporting and the list included in its sustainability reporting; c. if the organization consists of multiple entities, explain the approach used for consolidating the information, including: i. whether the approach involves adjustments to information for minority interests; ii. how the approach takes into account mergers, acquisitions, and disposal of entities or parts of entities; iii. whether and how the approach differs across the disclosures in this Standard and across material topics.	<a href="#">Shin-Etsu Chemical TOP &gt; Investors &gt; IR Library &gt; Annual Securities Report FY2023 (only Japanese available)</a>
2-3	Reporting period, frequency and contact point	a. specify the reporting period for, and the frequency of, its sustainability reporting; b. specify the reporting period for its financial reporting and, if it does not align with the period for its sustainability reporting, explain the reason for this; c. report the publication date of the report or reported information; d. specify the contact point for questions about the report or reported information.	<a href="#">About This Site</a> — <a href="#">About This Site</a> <a href="#">Shin-Etsu Chemical Sustainability Site Questionnaire</a>
2-4	Restatements of information	a. report restatements of information made from previous reporting periods and explain: i. the reasons for the restatements; ii. the effect of the restatements.	NA
2-5	External assurance	a. describe its policy and practice for seeking external assurance, including whether and how the highest governance body and senior executives are involved; b. if the organization's sustainability reporting has been externally assured: i. provide a link or reference to the external assurance report(s) or assurance statement(s); ii. describe what has been assured and on what basis, including the assurance standards used, the level of assurance obtained, and any limitations of the assurance process; iii. describe the relationship between the organization and the assurance provider.	<a href="#">Responsible Care Audit of the Report (only Japanese available)</a>
<b>2. Activities and workers</b>			
2-6	Activities, value chain and other business relationships	a. report the sector(s) in which it is active; b. describe its value chain, including: i. the organization's activities, products, services, and markets served; ii. the organization's supply chain; iii. the entities downstream from the organization and their activities; c. report other relevant business relationships; d. describe significant changes in 2-6-a, 2-6-b, and 2-6-c compared to the previous reporting period	<a href="#">Shin-Etsu Chemical TOP &gt; Company &gt; Company Profile</a> <a href="#">Key Sustainability Issues &gt; Promoting CSR procurement and the diversification of supply sources</a> <a href="#">Shin-Etsu Chemical TOP &gt; Company &gt; Company History</a>
2-7	Employees	a. report the total number of employees, and a breakdown of this total by gender and by region; b. report the total number of: i. permanent employees, and a breakdown by gender and by region; ii. temporary employees, and a breakdown by gender and by region; iii. non-guaranteed hours employees, and a breakdown by gender and by region; iv. full-time employees, and a breakdown by gender and by region; v. part-time employees, and a breakdown by gender and by region; c. describe the methodologies and assumptions used to compile the data, including whether the numbers are reported: i. in head count, full-time equivalent (FTE), or using another methodology; ii. at the end of the reporting period, as an average across the reporting period, or using another methodology; d. report contextual information necessary to understand the data reported under 2-7-a and 2-7-b; e. describe significant fluctuations in the number of employees during the reporting period and between reporting periods.	<a href="#">Key Sustainability Issues &gt; Respect for human rights, the development of human resources and the promotion of diversity &gt; Human resource development &gt; Related Data</a>
2-8	Workers who are not employees	a. report the total number of workers who are not employees and whose work is controlled by the organization and describe: i. the most common types of worker and their contractual relationship with the organization; ii. the type of work they perform; b. describe the methodologies and assumptions used to compile the data, including whether the number of workers who are not employees is reported: i. in head count, full-time equivalent (FTE), or using another methodology; ii. at the end of the reporting period, as an average across the reporting period, or using another methodology; c. describe significant fluctuations in the number of workers who are not employees during the reporting period and between reporting periods.	<a href="#">Shin-Etsu Chemical TOP &gt; Investors &gt; IR Library &gt; Annual Securities Report FY2023 (only Japanese available)</a>
<b>3. Governance</b>			
2-9	Governance structure and composition	a. describe its governance structure, including committees of the highest governance body; b. list the committees of the highest governance body that are responsible for decision making on and overseeing the management of the organization's impacts on the economy, environment, and people; c. describe the composition of the highest governance body and its committees by: i. executive and non-executive members; ii. independence; iii. tenure of members on the governance body; iv. number of other significant positions and commitments held by each member, and the nature of the commitments; v. gender; vi. under-represented social groups; vii. competencies relevant to the impacts of the organization; viii. stakeholder representation.	<a href="#">Corporate Governance &gt; Corporate Governance Structure</a> <a href="#">Corporate Governance &gt; Composition of the Board of Directors and Audit &amp; Supervisory Board Members</a>
2-10	Nomination and selection of the highest governance body	a. describe the nomination and selection processes for the highest governance body and its committees; b. describe the criteria used for nominating and selecting highest governance body members, including whether and how the following are taken into consideration: i. views of stakeholders (including shareholders); ii. diversity; iii. independence; iv. competencies relevant to the impacts of the organization.	<a href="#">Corporate Governance &gt; Corporate Governance Report</a>
	Chair of the highest governance	a. report whether the chair of the highest governance body is also a senior executive in the organization;	

## GRI Standards Content Index

Standard	Disclosure	Reporting requirements	Corresponding Web Pages	
2-11	Chair of the highest governance body	b. if the chair is also a senior executive, explain their function within the organization's management, the reasons for this arrangement, and how conflicts of interest are prevented and mitigated.	<a href="#">Corporate Governance &gt; Corporate Governance Report</a>	
2-12	Role of the highest governance body in overseeing the management of impacts	a. describe the role of the highest governance body and of senior executives in developing, approving, and updating the organization's purpose, value or mission statements, strategies, policies, and goals related to sustainable development;	<a href="#">Top Message</a>	
		b. describe the role of the highest governance body in overseeing the organization's due diligence and other processes to identify and manage the organization's impacts on the economy, environment, and people, including: <ul style="list-style-type: none"> <li>i. whether and how the highest governance body engages with stakeholders to support these processes;</li> <li>ii. how the highest governance body considers the outcomes of these processes;</li> </ul>	<a href="#">Sustainability Management &gt; Governance &gt; Structure of Initiatives</a>	
		c. describe the role of the highest governance body in reviewing the effectiveness of the organization's processes as described in 2-12-b, and report the frequency of this review.	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Specifying Key Sustainability Issues</a>	
			<a href="#">Shin-Etsu Chemical TOP &gt; Investors &gt; IR Library &gt; Annual Securities Report FY2023 (only Japanese available)</a>	
2-13	Delegation of responsibility for managing impacts	a. describe how the highest governance body delegates responsibility for managing the organization's impacts on the economy, environment, and people, including: <ul style="list-style-type: none"> <li>i. whether it has appointed any senior executives with responsibility for the management of impacts;</li> <li>ii. whether it has delegated responsibility for the management of impacts to other employees;</li> </ul>	<a href="#">Sustainability Management &gt; Governance &gt; Structure of Initiatives</a>	
		b. describe the process and frequency for senior executives or other employees to report back to the highest governance body on the management of the organization's impacts on the economy, environment, and people.		
2-14	Role of the highest governance body in sustainability reporting	a. report whether the highest governance body is responsible for reviewing and approving the reported information, including the organization's material topics, and if so, describe the process for reviewing and approving the information; b. if the highest governance body is not responsible for reviewing and approving the reported information, including the organization's material topics, explain the reason for this.	—	
2-15	Conflicts of interest	a. describe the processes for the highest governance body to ensure that conflicts of interest are prevented and mitigated;	<a href="#">Corporate Governance &gt; Internal Control System and Operational Audit</a>	
		b. report whether conflicts of interest are disclosed to stakeholders, including, at a minimum, conflicts of interest relating to: <ul style="list-style-type: none"> <li>i. cross-board membership;</li> <li>ii. cross-shareholding with suppliers and other stakeholders;</li> <li>iii. existence of controlling shareholders;</li> <li>iv. related parties, their relationships, transactions, and outstanding balances.</li> </ul>		
				<a href="#">Shin-Etsu Chemical TOP &gt; Investors &gt; IR Library &gt; Annual Securities Report FY2023 (only Japanese available)</a>
2-16	Communication of critical concerns	a. describe whether and how critical concerns are communicated to the highest governance body; b. report the total number and the nature of critical concerns that were communicated to the highest governance body during the reporting period.	<a href="#">Corporate Governance &gt; Internal Control System and Operational Audit</a> <a href="#">Key Sustainability Issues &gt; The foundation of all activities: legal compliance, fair corporate activities</a>	
2-17	Collective knowledge of the highest governance body	a. report measures taken to advance the collective knowledge, skills, and experience of the highest governance body on sustainable development.	<a href="#">Corporate Governance &gt; Composition of the Board of Directors and Audit &amp; Supervisory Board Members</a>	
2-18	Evaluation of the performance of the highest governance body	a. describe the processes for evaluating the performance of the highest governance body in overseeing the management of the organization's impacts on the economy, environment, and people;	<a href="#">Shin-Etsu Chemical TOP &gt; Investors &gt; IR Library &gt; Annual Report</a>	
		b. report whether the evaluations are independent or not, and the frequency of the evaluations; c. describe actions taken in response to the evaluations, including changes to the composition of the highest governance body and organizational practices.	<a href="#">Corporate Governance &gt; Corporate Governance Report</a>	
2-19	Remuneration policies	a. describe the remuneration policies for members of the highest governance body and senior executives, including: <ul style="list-style-type: none"> <li>i. fixed pay and variable pay;</li> <li>ii. sign-on bonuses or recruitment incentive payments;</li> <li>iii. termination payments;</li> <li>iv. clawbacks;</li> <li>v. retirement benefits;</li> </ul>	<a href="#">Corporate Governance &gt; Officers' Remuneration Committee</a> <a href="#">Shin-Etsu Chemical TOP &gt; Investors &gt; IR Library &gt; Annual Securities Report FY2023 (only Japanese available)</a>	
		b. describe how the remuneration policies for members of the highest governance body and senior executives relate to their objectives and performance in relation to the management of the organization's impacts on the economy, environment, and people.		
2-20	Process to determine remuneration	a. describe the process for designing its remuneration policies and for determining remuneration, including: <ul style="list-style-type: none"> <li>i. whether independent highest governance body members or an independent remuneration committee oversees the process for determining remuneration;</li> <li>ii. how the views of stakeholders (including shareholders) regarding remuneration are sought and taken into consideration;</li> <li>iii. whether remuneration consultants are involved in determining remuneration and, if so, whether they are independent of the organization, its highest governance body and senior executives;</li> </ul>	<a href="#">Corporate Governance &gt; Officers' Remuneration Committee</a> <a href="#">Shin-Etsu Chemical TOP &gt; Investors &gt; IR Library &gt; Annual Securities Report FY2023 (only Japanese available)</a>	
		b. report the results of votes of stakeholders (including shareholders) on remuneration policies and proposals, if applicable.		
2-21	Annual total compensation ratio	a. report the ratio of the annual total compensation for the organization's highest-paid individual to the median annual total compensation for all employees(excluding the highest-paid individual); b. report the ratio of the percentage increase in annual total compensation for the organization's highest-paid individual to the median percentage increase in annual total compensation for all employees (excluding the highest-paid individual); c. report contextual information necessary to understand the data and how the data has been compiled.	—

Standard	Disclosure	Reporting requirements	Corresponding Web Pages
<b>4. Strategy, policies and practices</b>			
2-22	Statement on sustainable development strategy	a. report a statement from the highest governance body or most senior executive of the organization about the relevance of sustainable development to the organization and its strategy for contributing to sustainable development.	<a href="#">Top Message</a>
2-23	Policy commitments	a. describe its policy commitments for responsible business conduct, including:	<a href="#">Sustainability Management &gt; Governance</a>
		i. the authoritative intergovernmental instruments that the commitments reference;	<a href="#">Key Sustainability Issues &gt; Respect for human rights, the development of human resources, and the promotion of diversity &gt; Respect for human rights</a>
		ii. whether the commitments stipulate conducting due diligence;	
		iii. whether the commitments stipulate applying the precautionary principle;	
		iv. whether the commitments stipulate respecting human rights;	
		b. describe its specific policy commitment to respect human rights, including:	<a href="#">Key Sustainability Issues &gt; Respect for human rights, the development of human resources, and the promotion of diversity &gt; Respect for human rights</a>
i. the internationally recognized human rights that the commitment covers;			
ii. the categories of stakeholders, including at-risk or vulnerable groups, that the organization gives particular attention to in the commitment;			
c. provide links to the policy commitments if publicly available, or, if the policy commitments are not publicly available, explain the reason for this;			
d. report the level at which each of the policy commitments was approved within the organization, including whether this is the most senior level;			
e. report the extent to which the policy commitments apply to the organization's activities and to its business relationships;	<a href="#">Sustainability &gt; Multi-stakeholder Policy</a>		
f. describe how the policy commitments are communicated to workers, business partners, and other relevant parties.			
2-24	Embedding policy commitments	a. describe how it embeds each of its policy commitments for responsible business conduct throughout its activities and business relationships, including:	<a href="#">Sustainability Management &gt;</a> <a href="#">List of Executives in Charge of Sustainability Initiatives</a>
		i. how it allocates responsibility to implement the commitments across different levels within the organization;	<a href="#">Sustainability Management &gt; Strategy &gt; Risks and Opportunities Related to the Key Issues</a>
		ii. how it integrates the commitments into organizational strategies, operational policies, and operational procedures;	
		iii. how it implements its commitments with and through its business relationships;	
iv. training that the organization provides on implementing the commitments.			
2-25	Processes to remediate negative impacts	a. describe its commitments to provide for or cooperate in the remediation of negative impacts that the organization identifies it has caused or contributed to;	<a href="#">Sustainability Management &gt; Strategy &gt; Risks and Opportunities Related to the Key Issues</a>
		b. describe its approach to identify and address grievances, including the grievance mechanisms that the organization has established or participates in;	<a href="#">Key Sustainability Issues &gt; The foundation of all activities: legal compliance, fair corporate activities &gt; Ensuring Full Compliance Awareness</a>
		c. describe other processes by which the organization provides for or cooperates in the remediation of negative impacts that it identifies it has caused or contributed to;	
		d. describe how the stakeholders who are the intended users of the grievance mechanisms are involved in the design, review, operation, and improvement of these mechanisms;	<a href="#">Key Sustainability Issues &gt; Respect for human rights, the development of human resources, and the promotion of diversity &gt; Respect for human rights</a>
e. describe how the organization tracks the effectiveness of the grievance mechanisms and other remediation processes, and report examples of their effectiveness, including stakeholder feedback.			
2-26	Mechanisms for seeking advice and raising concerns	a. describe the mechanisms for individuals to:	<a href="#">Key Sustainability Issues &gt; The foundation of all activities: legal compliance, fair corporate activities &gt; Ensuring Full Compliance Awareness</a>
		i. seek advice on implementing the organization's policies and practices for responsible business conduct;	
		ii. raise concerns about the organization's business conduct.	

## GRI Standards Content Index

Standard	Disclosure	Reporting requirements	Corresponding Web Pages
2-27	Compliance with laws and regulations	a. report the total number of significant instances of non-compliance with laws and regulations during the reporting period, and a breakdown of this total by: <ol style="list-style-type: none"> <li>i. instances for which fines were incurred;</li> <li>ii. instances for which non-monetary sanctions were incurred;</li> </ol> b. report the total number and the monetary value of fines for instances of noncompliance with laws and regulations that were paid during the reporting period, and a breakdown of this total by: <ol style="list-style-type: none"> <li>i. fines for instances of non-compliance with laws and regulations that occurred in the current reporting period;</li> <li>ii. fines for instances of non-compliance with laws and regulations that occurred in previous reporting periods;</li> </ol> c. describe the significant instances of non-compliance;	<a href="#">Key Sustainability Issues &gt; The foundation of all activities: legal compliance, fair corporate activities &gt; Related Data</a>
2-28	Membership associations	a. a. report industry associations, other membership associations, and national or international advocacy organizations in which it participates in a significant role.	
<b>5. Stakeholder engagement</b>			
2-29	Approach to stakeholder engagement	a. describe its approach to engaging with stakeholders, including: <ol style="list-style-type: none"> <li>i. the categories of stakeholders it engages with, and how they are identified;</li> <li>ii. the purpose of the stakeholder engagement;</li> <li>iii. how the organization seeks to ensure meaningful engagement with stakeholders.</li> </ol>	<a href="#">Key Sustainability Issues &gt; Accurate and timely information disclosure and communication with stakeholders &gt; Communication with Stakeholders</a>
2-30	Collective bargaining agreements	a. report the percentage of total employees covered by collective bargaining agreements;	
<b>Management approach</b>			
3-1	Process to determine material topics	a. describe the process it has followed to determine its material topics, including: <ol style="list-style-type: none"> <li>i. how it has identified actual and potential, negative and positive impacts on the economy, environment, and people, including impacts on their human rights, across its activities and business relationships;</li> <li>ii. how it has prioritized the impacts for reporting based on their significance;</li> </ol> b. specify the stakeholders and experts whose views have informed the process of determining its material topics.	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Specifying Key Sustainability Issues</a>
3-2	List of material topics	a. list its material topics;	<a href="#">Sustainability Management &gt; Strategy &gt; Risks and Opportunities Related to the Key Issues</a>
3-3	Management of material topics	b. report changes to the list of material topics compared to the previous reporting period.	
3-3	Management of material topics	a. describe the actual and potential, negative and positive impacts on the economy, environment, and people, including impacts on their human rights;	<a href="#">Sustainability Management &gt; Strategy &gt; Risks and Opportunities Related to the Key Issues</a>
		b. report whether the organization is involved with the negative impacts through its activities or as a result of its business relationships, and describe the activities or business relationships;	
		c. describe its policies or commitments regarding the material topic;	
		d. describe actions taken to manage the topic and related impacts, including: <ol style="list-style-type: none"> <li>i. actions to prevent or mitigate potential negative impacts;</li> <li>ii. actions to address actual negative impacts, including actions to provide for or cooperate in their remediation;</li> <li>iii. actions to manage actual and potential positive impacts;</li> </ol>	<a href="#">Sustainability Management &gt; Governance &gt; Structure of Initiatives</a>
		e. report the following information about tracking the effectiveness of the actions taken: <ol style="list-style-type: none"> <li>i. processes used to track the effectiveness of the actions;</li> <li>ii. goals, targets, and indicators used to evaluate progress;</li> <li>iii. the effectiveness of the actions, including progress toward the goals and targets;</li> </ol>	
		f. describe how engagement with stakeholders has informed the actions taken (3-3-d) and how it has informed whether the actions have been effective (3-3-e).	

## GRI Standards Content Index

Standard	Disclosure	Reporting requirements	Corresponding Web Pages
<b>GRI 201: Economic Performance</b>			
201-1	Direct economic value generated and distributed	<p>a. Direct economic value generated and distributed (EVG&amp;D) on an accruals basis, including the basic components for the organization's global operations as listed below. If data are presented on a cash basis, report the justification for this decision in addition to reporting the following basic components:</p> <p>i. Direct economic value generated: revenues;</p> <p>ii. Economic value distributed: operating costs, employee wages and benefits, payments to providers of capital, payments to government by country, and community investments;</p> <p>iii. Economic value retained: 'direct economic value generated' less 'economic value distributed'.</p> <p>b. Where significant, report EVG&amp;D separately at country, regional, or market levels, and the criteria used for defining significance.</p>	<a href="#">Shin-Etsu Chemical TOP &gt; Investors &gt; IR Library &gt; Annual Securities Report FY2023 (only Japanese available)</a>
201-2	Financial implications and other risks and opportunities due to climate change	<p>a. Risks and opportunities posed by climate change that have the potential to generate substantive changes in operations, revenue, or expenditure, including:</p> <p>i. a description of the risk or opportunity and its classification as either physical, regulatory, or other;</p> <p>ii. the financial implications of the risk or opportunity before action is taken;</p> <p>iii. the financial implications of the risk or opportunity before action is taken;</p> <p>iv. the methods used to manage the risk or opportunity;</p> <p>v. the methods used to manage the risk or opportunity;</p>	<p><a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Climate Change : TCFD Disclosure</a></p> <p><a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Reduction of Environmental Impact &gt; Environmental Accounting</a></p>
201-3	Defined benefit plan obligations and other retirement plans	<p>a. If the plan's liabilities are met by the organization's general resources, the estimated value of those liabilities</p> <p>b. If a separate fund exists to pay the plan's pension liabilities:</p> <p>i. the extent to which the scheme's liabilities are estimated to be covered by the assets that have been set aside to meet them;</p> <p>ii. the basis on which that estimate has been arrived at;</p> <p>iii. when that estimate was made.</p> <p>c. If a fund set up to pay the plan's pension liabilities is not fully covered, explain the strategy, if any, adopted by the employer to work towards full coverage, and the timescale, if any, by which the employer hopes to achieve full coverage.</p> <p>d. Percentage of salary contributed by employee or employer.</p> <p>e. Level of participation in retirement plans, such as participation in mandatory or voluntary schemes, regional, or country-based schemes, or those with financial impact.</p>	NA
201-4	Financial assistance received from government	<p>a. If the plan's liabilities are met by the organization's general resources, the estimated value of those liabilities</p> <p>i. tax relief and tax credits;</p> <p>ii. subsidies;</p> <p>iii. investment grants, research and development grants, and other relevant types of grant;</p> <p>iv. awards;</p> <p>v. royalty holidays;</p> <p>vi. financial assistance from Export Credit Agencies (ECAs);</p> <p>vii. financial incentives;</p> <p>viii. other financial benefits received or receivable from any government for any operation.</p> <p>b. 2The information in 201-4-a by country</p> <p>c. Whether, and the extent to which, any government is present in the shareholding structure</p>	NA
<b>GRI 202: Market Presence</b>			
202-1	Ratios of standard entry level wage by gender compared to local minimum wage	<p>a. When a significant proportion of employees are compensated based on wages subject to minimum wage rules, report the relevant ratio of the entry level wage by gender at significant locations of operation to the minimum wage</p> <p>b. When a significant proportion of other workers (excluding employees) performing the organization's activities are compensated based on wages subject to minimum wage rules, describe the actions taken to determine whether these workers are paid above the minimum wage</p> <p>c. Whether a local minimum wage is absent or variable at significant locations of operation, by gender. In circumstances in which different minimums can be used as a reference, report which minimum wage is being used</p> <p>d. The definition used for 'significant locations of operation'</p>	—
202-2	Proportion of senior management hired from the local community	<p>a. Percentage of senior management at significant locations of operation that are hired from the local community</p> <p>b. The definition used for 'senior management'</p> <p>c. The organization's geographical definition of 'local'</p> <p>d. The definition used for 'significant locations of operation'</p>	—
<b>GRI 203: Indirect Economic Impacts</b>			
203-1	Infrastructure investments and services supported	<p>a. Extent of development of significant infrastructure investments and services supported</p> <p>b. Current or expected impacts on communities and local economies, including positive and negative impacts where relevant.</p> <p>c. Whether these investments and services are commercial, in-kind, or pro bono engagements</p>	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Contribution to industry and social initiatives</a>
203-2	Significant indirect economic impacts	<p>a. Examples of significant identified indirect economic impacts of the organization, including positive and negative impacts</p> <p>b. Significance of the indirect economic impacts in the context of external benchmarks and stakeholder priorities, such as national and international standards, protocols, and policy agendas</p>	—
<b>GRI 204: Procurement Practices</b>			
204-1	Proportion of spending on local suppliers	<p>a. Percentage of the procurement budget used for significant locations of operation that is spent on suppliers local to that operation (such as percentage of products and services purchased locally)</p> <p>b. The organization's geographical definition of 'local'</p> <p>c. The definition used for 'significant locations of operation'</p>	—
<b>GRI 205: Anti-corruption</b>			
205-1	Operations assessed for risks related to corruption	<p>a. Total number and percentage of operations assessed for risks related to corruption</p> <p>b. Significant risks related to corruption identified through the risk assessment</p>	<a href="#">Key Sustainability Issues &gt; The foundation of all activities: legal compliance, fair corporate activities &gt; Initiatives Aimed at Preventing Corruption</a>
205-2	Communication and training about anti-corruption policies and procedures	<p>a. Total number and percentage of governance body members that the organization's anti-corruption policies and procedures have been communicated to, broken down by region</p> <p>b. Total number and percentage of employees that the organization's anti-corruption policies and procedures have been communicated to, broken down by employee category and region</p> <p>c. Total number and percentage of business partners that the organization's anti-corruption policies and procedures have been communicated to, broken down by type of business partner and region. Describe if the organization's anti-corruption policies and procedures have been communicated to any other persons or organizations</p> <p>d. Total number and percentage of governance body members that have received training on anti-corruption, broken down by region</p> <p>e. Total number and percentage of employees that have received training on anti-corruption, broken down by employee category and region</p>	<a href="#">Key Sustainability Issues &gt; The foundation of all activities: legal compliance, fair corporate activities &gt; Initiatives Aimed at Preventing Corruption</a>

## GRI Standards Content Index

Standard	Disclosure	Reporting requirements	Corresponding Web Pages
205-3	Confirmed incidents of corruption and actions taken	a. Total number and nature of confirmed incidents of corruption	<a href="#">Key Sustainability Issues &gt; The foundation of all activities: legal compliance, fair corporate activities &gt; Related Data</a>
		b. Total number of confirmed incidents in which employees were dismissed or disciplined for corruption	
		c. Total number of confirmed incidents when contracts with business partners were terminated or not renewed due to violations related to corruption	
		d. Public legal cases regarding corruption brought against the organization or its employees during the reporting period and the outcomes of such cases	
<b>GRI 206: Anti-competitive Behavior</b>			
206-1	Legal actions for anti-competitive behavior, anti-trust, and monopoly practices	a. Number of legal actions pending or completed during the reporting period regarding anti-competitive behavior and violations of anti-trust and monopoly legislation in which the organization has been identified as a participant	—
		b. Main outcomes of completed legal actions, including any decisions or judgments	
<b>GRI 207: Tax</b>			
207-1	Approach to tax	a. A description of the approach to tax, including:	<a href="#">Corporate Governance &gt; Policy on tax payments and tax-related initiatives</a>
		i. whether the organization has a tax strategy and, if so, a link to this strategy if publicly available;	
		ii. the governance body or executive-level position within the organization that formally reviews and approves the tax strategy, and the frequency of this review;	
		iii. the approach to regulatory compliance;	
207-2	Tax governance, control, and risk management	iv. how the approach to tax is linked to the business and sustainable development strategies of the organization.	<a href="#">Corporate Governance &gt; Policy on tax payments and tax-related initiatives</a> <a href="#">Sustainability Management &gt; List of Executives in Charge of Sustainability Initiatives</a>
		a. A description of the tax governance and control framework, including:	
		i. the governance body or executive-level position within the organization accountable for compliance with the tax strategy;	
		ii. how the approach to tax is embedded within the organization;	
		iii. the approach to tax risks, including how risks are identified, managed, and monitored;	
		iv. how compliance with the tax governance and control framework is evaluated.	
207-3	Stakeholder engagement and management of concerns related to tax	b. A description of the mechanisms to raise concerns about the organization's business conduct and the organization's integrity in relation to tax.	—
		c. A description of the assurance process for disclosures on tax including, if applicable, a link or reference to the external assurance report(s) or assurance statement(s).	
		a. A description of the approach to stakeholder engagement and management of stakeholder concerns related to tax, including:	
		i. the approach to engagement with tax authorities;	
207-4	Country-by-country reporting	ii. the approach to public policy advocacy on tax;	<a href="#">Corporate Governance &gt; Policy on tax payments and tax-related initiatives</a>
		iii. the processes for collecting and considering the views and concerns of stakeholders, including external stakeholders.	
		a. All tax jurisdictions where the entities included in the organization's audited consolidated financial statements, or in the financial information filed on public record, are resident for tax purposes.	
		b. For each tax jurisdiction reported in Disclosure 207-4-a:	
		i. Names of the resident entities;	
		ii. Primary activities of the organization;	
		iii. Number of employees, and the basis of calculation of this number;	
		iv. Revenues from third-party sales;	
		v. Revenues from intra-group transactions with other tax jurisdictions;	
		vi. Profit/loss before tax;	
		vii. Tangible assets other than cash and cash equivalents;	
		viii. Corporate income tax paid on a cash basis;	
		ix. Corporate income tax accrued on profit/loss;	
		x. Reasons for the difference between corporate income tax accrued on profit/loss and the tax due if the statutory tax rate is applied to profit/loss before tax.	
c. The time period covered by the information reported in Disclosure 207-4.			

## GRI Standards Content Index

Standard	Disclosure	Reporting requirements	Corresponding Web Pages
<b>GRI 301: Materials</b>			
301-1	Materials used by weight or volume	a. Total weight or volume of materials that are used to produce and package the organization's primary products and services during the reporting period, by: i. non-renewable materials used; ii. renewable materials used.	—
301-2	Recycled input materials used	a. Percentage of recycled input materials used to manufacture the organization's primary products and services	—
301-3	Reclaimed products and their packaging mater	a. Percentage of reclaimed products and their packaging materials for each product category b. How the data for this disclosure have been collected	—
<b>GRI 302: Energy</b>			
302-1	Energy consumption within the organization	a. Markets served, including: b. Total fuel consumption within the organization from renewable sources, in joules or multiples, and including fuel types used c. In joules, watt-hours or multiples, the total: i. electricity consumption ii. heating consumption iii. cooling consumption iv. steam consumption d. In joules, watt-hours or multiples, the total: i. electricity sold ii. heating sold iii. cooling sold iv. steam sold e. Total energy consumption within the organization, in joules or multiples f. Standards, methodologies, assumptions, and/or calculation tools used g. Source of the conversion factors used	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Climate Change : TCFD Disclosure &gt; Metrics and Targets</a>
302-2	Energy consumption outside of the organization	a. Energy consumption outside of the organization, in joules or multiples b. Standards, methodologies, assumptions, and/or calculation tools used c. Source of the conversion factors used	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Climate Change : TCFD Disclosure &gt; Metrics and Targets</a>
302-3	Energy intensity	a. Energy intensity ratio for the organization b. Organization-specific metric (the denominator) chosen to calculate the ratio c. Types of energy included in the intensity ratio; whether fuel, electricity, heating, cooling, steam, or all d. Whether the ratio uses energy consumption within the organization, outside of it, or both	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Climate Change : TCFD Disclosure &gt; Metrics and Targets</a> <a href="#">Sustainability Data &gt; Energy-saving, resource-saving and the reduction of the environmental impact</a>
302-4	Reduction of energy consumption	a. Amount of reductions in energy consumption achieved as a direct result of conservation and efficiency initiatives, in joules or multiples b. Types of energy included in the reductions; whether fuel, electricity, heating, cooling, steam, or all c. Basis for calculating reductions in energy consumption, such as base year or baseline, including the rationale for choosing it d. Standards, methodologies, assumptions, and/or calculation tools used	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Climate Change : TCFD Disclosure &gt; Metrics and Targets</a> <a href="#">Sustainability Data &gt; Energy-saving, resource-saving and the reduction of the environmental impact</a>
302-5	Reductions in energy requirements of products and services	a. Reductions in energy requirements of sold products and services achieved during the reporting period, in joules or multiples. b. Basis for calculating reductions in energy consumption, such as base year or baseline, including the rationale for choosing it c. Standards, methodologies, assumptions, and/or calculation tools used	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Climate Change : Contribution through Product Characteristics</a>
<b>GRI 303: Water and Effluents</b>			
303-1	Interactions with water as a shared resource	a. A description of how the organization interacts with water, including how and where water is withdrawn, consumed, and discharged, and the water-related impacts caused or contributed to, or directly linked to the organization's activities, products or services by a business relationship (e.g., impacts caused by runoff). b. A description of the approach used to identify water-related impacts, including the scope of assessments, their timeframe, and any tools or methodologies used. c. A description of how water-related impacts are addressed, including how the organization works with stakeholders to steward water as a shared resource, and how it engages with suppliers or customers with significant water-related impacts. d. An explanation of the process for setting any water-related goals and targets that are part of the organization's management approach, and how they relate to public policy and the local context of each area with water stress.	<a href="#">Sustainability Management &gt; Strategy &gt; Risks and Opportunities Related to the Key Issues</a> <a href="#">Key Sustainability Issues &gt; Energy-saving, resource-saving and the reduction of the environmental impact &gt; Water Resource Conservation &gt; Initiatives Aimed at Conserving Water Resources</a> <a href="#">Sustainability Data &gt; Energy-saving, resource-saving and the reduction of the environmental impact</a> <a href="#">Key Sustainability Issues &gt; Energy-saving, resource-saving and the reduction of the environmental impact &gt; Water Resource Conservation &gt; Initiatives Aimed at Conserving Water Resources</a>
303-2	Management of water discharge-related impacts	a. A description of any minimum standards set for the quality of effluent discharge, and how these minimum standards were determined, including: i. how standards for facilities operating in locations with no local discharge requirements were determined; ii. any internally developed water quality standards or guidelines; iii. any sector-specific standards considered; iv. whether the profile of the receiving waterbody was considered.	—
303-3	Water withdrawal	a. Total water withdrawal from all areas in megaliters, and a breakdown of this total by the following sources, if applicable: i. Surface water; ii. Groundwater; iii. Seawater; iv. Produced water; v. Third-party water. b. Total water withdrawal from all areas with water stress in megaliters, and a breakdown of this total by the following sources, if applicable: i. Surface water; ii. Groundwater; iii. Seawater; iv. Produced water; v. Third-party water, and a breakdown of this total by the withdrawal sources listed in i-iv. c. A breakdown of total water withdrawal from each of the sources listed in Disclosures 303-3-a and 303-3-b in megaliters by the following categories: i. Freshwater ( $\leq 1,000$ mg/L Total Dissolved Solids); ii. Other water ( $> 1,000$ mg/L Total Dissolved Solids). d. Any contextual information necessary to understand how the data have been compiled, such as any standards, methodologies, and assumptions used.	<a href="#">Key Sustainability Issues &gt; Energy-saving, resource-saving and the reduction of the environmental impact &gt; Water Resource Conservation &gt; Metrics and Targets</a>

## GRI Standards Content Index

Standard	Disclosure	Reporting requirements	Corresponding Web Pages
<b>GRI 304: Biodiversity</b>			
304-1	Operational sites owned, leased, managed in, or adjacent to, protected areas and areas of high biodiversity value outside protected areas	a. For each operational site owned, leased, managed in, or adjacent to, protected areas and areas of high biodiversity value outside protected areas, the following information: i. Geographic location; ii. Subsurface and underground land that may be owned, leased, or managed by the organization; iii. Position in relation to the protected area (in the area, adjacent to, or containing portions of the protected area) or the high biodiversity value area outside protected areas; iv. Type of operation (office, manufacturing or production, or extractive); v. Size of operational site in km <sup>2</sup> (or another unit, if appropriate); vi. Biodiversity value characterized by the attribute of the protected area or area of high biodiversity value outside the protected area (terrestrial, freshwater, or maritime ecosystem); vii. Biodiversity value characterized by listing of protected status (such as IUCN Protected Area Management Categories, Ramsar Convention, national legislation)	<a href="#">Key Sustainability Issues &gt; Energy-saving, resource-saving and the reduction of the environmental impact &gt; Biodiversity / Pollutant Countermeasures &gt; Conservation of Biodiversity</a>
304-2	Significant impacts of activities, products, and services on biodiversity	a. Nature of significant direct and indirect impacts on biodiversity with reference to one or more of the following: i. Construction or use of manufacturing plants, mines, and transport infrastructure; ii. Pollution (introduction of substances that do not naturally occur in the habitat from point and non-point sources); iii. Introduction of invasive species, pests, and pathogens; iv. Reduction of species; v. Habitat conversion; vi. Changes in ecological processes outside the natural range of variation (such as salinity or changes in groundwater level) b. Significant direct and indirect positive and negative impacts with reference to the following: i. Species affected; ii. Extent of areas impacted; iii. Duration of impacts; iv. Reversibility or irreversibility of the impacts	<a href="#">Key Sustainability Issues &gt; Energy-saving, resource-saving and the reduction of the environmental impact &gt; Biodiversity / Pollutant Countermeasures &gt; Conservation of Biodiversity</a>
304-3	Habitats protected or restored	a. Size and location of all habitat areas protected or restored, and whether the success of the restoration measure was or is approved by independent external professionals b. Whether partnerships exist with third parties to protect or restore habitat areas distinct from where the organization has overseen and implemented restoration or protection measures c. Status of each area based on its condition at the close of the reporting period d. Standards, methodologies, and assumptions used	—
304-4	IUCN Red List species and national conservation list species with habitats in areas affected by operations	a. IUTotal number of IUCN Red List species and national conservation list species with habitats in areas affected by the operations of the organization, by level of extinction risk: i. Critically endangered ii. Endangered iii. Vulnerable iv. Near threatened v. Least concern	—

## GRI Standards Content Index

Standard	Disclosure	Reporting requirements	Corresponding Web Pages
<b>GRI 305: Emissions</b>			
305-1	Direct (Scope 1) GHG emissions	a. Gross direct (Scope 1) GHG emissions in metric tons of CO2 equivalent	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Climate Change : TCFD Disclosure &gt; Metrics and Targets</a>  <a href="#">Sustainability Data &gt; Energy-saving, resource-saving and the reduction of the environmental impact</a>
		b. Gases included in the calculation; whether CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, or all	
		c. Biogenic CO2 emissions in metric tons of CO2 equivalent	
		d. Base year for the calculation, if applicable, including:	
		i. the rationale for choosing it;	
		ii. emissions in the base year;	
		iii. the context for any significant changes in emissions that triggered recalculations of base year emissions.	
		e. Source of the emission factors and the global warming potential (GWP) rates used, or a reference to the GWP source	
		f. Consolidation approach for emissions; whether equity share, financial control, or operational control	
305-2	Energy indirect (Scope 2) GHG emissions	g. Standards, methodologies, assumptions, and/or calculation tools	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Climate Change : TCFD Disclosure &gt; Metrics and Targets</a>  <a href="#">Sustainability Data &gt; Energy-saving, resource-saving and the reduction of the environmental impact</a>
		a. Gross location-based energy indirect (Scope 2) GHG emissions in metric tons of CO2 equivalent	
		b. If applicable, gross market-based energy indirect (Scope 2) GHG emissions in metric tons of CO2 equivalent	
		c. If available, the gases included in the calculation; whether CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, or all	
		d. Base year for the calculation, if applicable, including:	
		i. the rationale for choosing it;	
		ii. emissions in the base year;	
		iii. the context for any significant changes in emissions that triggered recalculations of base year emissions.	
		e. Source of the emission factors and the global warming potential (GWP) rates used, or a reference to the GWP source	
305-3	Other indirect (Scope 3) GHG emissions	f. Consolidation approach for emissions; whether equity share, financial control, or operational control	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Climate Change : TCFD Disclosure &gt; Metrics and Targets &gt; Scope 3 Greenhouse Gas Emissions</a>  <a href="#">Sustainability Data &gt; Energy-saving, resource-saving and the reduction of the environmental impact</a>
		g. Standards, methodologies, assumptions, and/or calculation tools used	
		a. Gross other indirect (Scope 3) GHG emissions in metric tons of CO2 equivalent	
		b. If available, the gases included in the calculation; whether CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, or all	
		c. Biogenic CO2 emissions in metric tons of CO2 equivalent	
		d. Other indirect (Scope 3) GHG emissions categories and activities included in the calculation	
		e. Base year for the calculation, if applicable, including:	
		i. the rationale for choosing it;	
		ii. emissions in the base year;	
305-4	GHG emissions intensity	iii. the context for any significant changes in emissions that triggered recalculations of base year emissions	<a href="#">Shin-Etsu Group Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Climate Change : TCFD Disclosure &gt; Metrics and Targets</a>
		f. Source of the emission factors and the global warming potential (GWP) rates used, or a reference to the GWP source	
		g. Standards, methodologies, assumptions, and/or calculation tools used	
		a. GHG emissions intensity ratio for the organization	
305-5	Reduction of GHG emissions	b. Organization-specific metric (the denominator) chosen to calculate the ratio	<a href="#">Key Sustainability Issues &gt; Energy-saving, resource-saving and the reduction of the environmental impact &gt; Climate Change</a>  <a href="#">Sustainability Data &gt; Energy-saving, resource-saving and the reduction of the environmental impact</a>
		c. Types of GHG emissions included in the intensity ratio; whether direct (Scope 1), energy indirect (Scope 2), and/or other indirect (Scope 3)	
		d. Gases included in the calculation; whether CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, or all	
		a. GHG emissions reduced as a direct result of reduction initiatives, in metric tons of CO2 equivalent	
		b. Gases included in the calculation; whether CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, or all	
305-6	Emissions of ozone-depleting substances (ODS)	c. Base year or baseline, including the rationale for choosing it	—
		d. Scopes in which reductions took place; whether direct (Scope 1), energy indirect (Scope 2), and/or other indirect (Scope 3).	
		e. Standards, methodologies, assumptions, and/or calculation tools used	
		a. GHG emissions reduced as a direct result of reduction initiatives, in metric tons of CO2 equivalent	
305-7	Nitrogen oxides (NOX), sulfur oxides (SOX), and other significant air emissions	b. Substances included in the calculation	<a href="#">Key Sustainability Issues &gt; Energy-saving, resource-saving and the reduction of the environmental impact &gt; Biodiversity/Pollutant Countermeasures &gt; Prevention of Air Pollution</a>
		c. Source of the emission factors used	
		d. Standards, methodologies, assumptions, and/or calculation tools used	
		a. Significant air emissions, in kilograms or multiples, for each of the following:	
		i. NOx	
		ii. SOx	
		iii. Persistent organic pollutants (POP)	
		iv. Volatile organic compounds (VOC)	
		v. Hazardous air pollutants (HAP)	
		vi. Particulate matter (PM)	
		vii. Other standard categories of air emissions identified in relevant regulations	
b. Source of the emission factors used			
c. Standards, methodologies, assumptions, and/or calculation tools used			

## GRI Standards Content Index

Standard	Disclosure	Reporting requirements	Corresponding Web Pages
<b>GRI 306: Waste</b>			
306-1	Waste generation and significant waste-related impacts	a. For the organization's significant actual and potential waste-related impacts, a description of: i. the inputs, activities, and outputs that lead or could lead to these impacts; ii. whether these impacts relate to waste generated in the organization's own activities or to waste generated upstream or downstream in its value chain.	<a href="#">Key Sustainability Issues &gt; Energy-saving, resource-saving and the reduction of the environmental impact &gt; Environment Management</a>
306-2	Management of significant waste-related impacts	a. Actions, including circularity measures, taken to prevent waste generation in the organization's own activities and upstream and downstream in its value chain, and to manage significant impacts from waste generated. b. If the waste generated by the organization in its own activities is managed by a third party, a description of the processes used to determine whether the third party manages the waste in line with contractual or legislative obligations. c. The processes used to collect and monitor waste-related data.	<a href="#">Key Sustainability Issues &gt; Energy-saving, resource-saving and the reduction of the environmental impact &gt; Conserving Resources &gt; Initiatives for Resource Circulation</a>
306-3	Waste generated	a. Total weight of waste generated in metric tons, and a breakdown of this total by composition of the waste. b. Contextual information necessary to understand the data and how the data has been compiled.	<a href="#">Sustainability Data &gt; Energy-saving, resource-saving and the reduction of the environmental impact</a>
306-4	Waste diverted from disposal	a. Total weight of waste diverted from disposal in metric tons, and a breakdown of this total by composition of the waste. b. Total weight of hazardous waste diverted from disposal in metric tons, and a breakdown of this total by the following recovery operations: i. Preparation for reuse; ii. i. Recycling; iii. Other recovery operations. c. Total weight of non-hazardous waste diverted from disposal in metric tons, and a breakdown of this total by the following recovery operations: i. Preparation for reuse; ii. Recycling; iii. Other recovery operations. d. For each recovery operation listed in Disclosures 306-4-b and 306-4-c, a breakdown of the total weight in metric tons of hazardous waste and of non-hazardous waste diverted from disposal: i. onsite; ii. offsite. e. Contextual information necessary to understand the data and how the data has been compiled.	<a href="#">Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Resource Saving &gt; Related Data</a>
306-5	Waste directed to disposal	a. Total weight of waste directed to disposal in metric tons, and a breakdown of this total by composition of the waste. b. Total weight of hazardous waste directed to disposal in metric tons, and a breakdown of this total by the following disposal operations: i. Incineration (with energy recovery); ii. Incineration (without energy recovery); iii. Landfilling; iv. Other disposal operations. c. Total weight of non-hazardous waste directed to disposal in metric tons, and a breakdown of this total by the following disposal operations: i. Incineration (with energy recovery); ii. Incineration (without energy recovery); iii. Landfilling; iv. Other disposal operations. d. For each disposal operation listed in Disclosures 306-5-b and 306-5-c, a breakdown of the total weight in metric tons of hazardous waste and of non-hazardous waste directed to disposal: i. onsite; ii. offsite. e. Contextual information necessary to understand the data and how the data has been compiled.	<a href="#">Key Sustainability Issues &gt; Energy-saving, resource-saving, and reduction of the environmental impacts &gt; Resource Saving &gt; Related Data</a>
<b>GRI 307: Environmental Compliance</b>			
307-1	Non-compliance with environmental laws and regulations	a. Significant fines and non-monetary sanctions for non-compliance with environmental laws and/or regulations in terms of: i. total monetary value of significant fines; ii. total number of non-monetary sanctions; iii. cases brought through dispute resolution mechanisms. b. If the organization has not identified any non-compliance with environmental laws and/or regulations, a brief statement of this fact is sufficient	<a href="#">Sustainability Data &gt; Energy-saving, resource-saving and the reduction of the environmental impact</a>
<b>GRI 308: Supplier Environmental Assessment</b>			
308-1	New suppliers that were screened using environmental criteria	a. Percentage of new suppliers that were screened using environmental criteria	<a href="#">Key Sustainability Issues &gt; Promoting CSR procurement and the diversification of supply sources &gt; Initiatives toward CSR Procurement</a>
308-2	Negative environmental impacts in the supply chain and actions taken	a. Number of suppliers assessed for environmental impacts b. Number of suppliers identified as having significant actual and potential negative environmental impacts c. Significant actual and potential negative environmental impacts identified in the supply chain d. Percentage of suppliers identified as having significant actual and potential negative environmental impacts with which improvements were agreed upon as a result of assessment e. Percentage of suppliers identified as having significant actual and potential negative environmental impacts with which relationships were terminated as a result of assessment, and why	<a href="#">Key Sustainability Issues &gt; Promoting CSR procurement and the diversification of supply sources &gt; Initiatives toward CSR Procurement &gt; Procurement Audit</a>  <a href="#">Sustainability Management &gt; Strategy &gt; Risks and Opportunities Related to the Key Issues</a>

## GRI Standards Content Index

Standard	Disclosure	Reporting requirements	Corresponding Web Pages
<b>GRI 401: Employment</b>			
401-1	New employee hires and employee turnover	a. Total number and rate of new employee hires during the reporting period, by age group, gender and region b. Total number and rate of employee turnover during the reporting period, by age group, gender and region	<a href="#">Sustainability Data &gt; Respect for human rights, the development of human resources and the promotion of diversity</a>
401-2	Benefits provided to full-time employees that are not provided to temporary or part-time employees	a. Benefits which are standard for full-time employees of the organization but are not provided to temporary or part-time employees, by significant locations of operation. These include, as a minimum: i. life insurance; ii. health care; iii. disability and invalidity coverage; iv. parental leave; v. stock ownership; vi. stock ownership; vii. others. b. The definition used for 'significant locations of operation'	<a href="#">Key Sustainability Issues &gt; Respect for human rights, the development of human resources, and the promotion of diversity &gt; Employee engagement &gt; Career Support</a>
401-3	Parental leave	a. Total number of employees that were entitled to parental leave, by gender b. Total number of employees that took parental leave, by gender c. Total number of employees that returned to work in the reporting period after parental leave ended, by gender d. Total number of employees that returned to work after parental leave ended that were still employed 12 months after their return to work, by gender e. Return to work and retention rates of employees that took parental leave, by gender	<a href="#">Key Sustainability Issues &gt; Respect for human rights, the development of human resources and the promotion of diversity &gt; Employee Engagement &gt; Initiatives for Work-life Balance</a>  <a href="#">Key Sustainability Issues &gt; Respect for human rights, the development of human resources, and the promotion of diversity &gt; Related Data</a>
<b>GRI 402: Labor/Management Relations</b>			
402-1	Minimum notice periods regarding operational changes	a. Minimum number of weeks' notice typically provided to employees and their representatives prior to the implementation of significant operational changes that could substantially affect them b. For organizations with collective bargaining agreements, report whether the notice period and provisions for consultation and negotiation are specified in collective agreements	
<b>GRI 403: Occupational Health and Safety</b>			
403-1	Occupational health and safety management system	The reporting organization shall report the following information for employees and for workers who are not employees but whose work and/or workplace is controlled by the organization: a. A description of the processes used to identify work-related hazards and assess risks on a routine and non-routine basis, and to apply the hierarchy of controls in order to eliminate hazards and minimize risks, including: i. the system has been implemented because of legal requirements and, if so, a list of the requirements; ii. the system has been implemented based on recognized risk management and/or management system standards/guidelines and, if so, a list of the standards/guidelines. b. A description of the scope of workers, activities, and workplaces covered by the occupational health and safety management system, and an explanation of whether and, if so, why any workers, activities, or workplaces are not covered.	<a href="#">Key Sustainability Issues &gt; Employees and contractor health and safety</a>
403-2	Hazard identification, risk assessment, and incident investigation	The reporting organization shall report the following information for employees and for workers who are not employees but whose work and/or workplace is controlled by the organization: a. A description of the processes used to identify work-related hazards and assess risks on a routine and non-routine basis, and to apply the hierarchy of controls in order to eliminate hazards and minimize risks, including: i. how the organization ensures the quality of these processes, including the competency of persons who carry them out; ii. how the results of these processes are used to evaluate and continually improve the occupational health and safety management system. b. A description of the processes for workers to report work-related hazards and hazardous situations, and an explanation of how workers are protected against reprisals. c. A description of the policies and processes for workers to remove themselves from work situations that they believe could cause injury or ill health, and an explanation of how workers are protected against reprisals. d. A description of the processes used to investigate work-related incidents, including the processes to identify hazards and assess risks relating to the incidents, to determine corrective actions using the hierarchy of controls, and to determine improvements needed in the occupational health and safety management system.	<a href="#">Key Sustainability Issues &gt; Employees and contractor health and safety</a>
403-3	Occupational health services	The reporting organization shall report the following information for employees and for workers who are not employees but whose work and/or workplace is controlled by the organization: a. A description of the occupational health services' functions that contribute to the identification and elimination of hazards and minimization of risks, and an explanation of how the organization ensures the quality of these services and facilitates workers' access to them.	<a href="#">Key Sustainability Issues &gt; Employees and contractor health and safety &gt; Occupational health and safety initiatives</a>
403-4	Worker participation, consultation, and communication on occupational health and safety	The reporting organization shall report the following information for employees and for workers who are not employees but whose work and/or workplace is controlled by the organization: a. A description of the processes for worker participation and consultation in the development, implementation, and evaluation of the occupational health and safety management system, and for providing access to and communicating relevant information on occupational health and safety to workers. b. Where formal joint management-worker health and safety committees exist, a description of their responsibilities, meeting frequency, decision-making authority, and whether and, if so, why any workers are not represented by these committees.	<a href="#">Key Sustainability Issues &gt; Employees and contractor health and safety &gt; Occupational health and safety initiatives &gt; Consideration for employees' health</a>
403-5	Worker training on occupational health and safety	The reporting organization shall report the following information for employees and for workers who are not employees but whose work and/or workplace is controlled by the organization: a. A description of any occupational health and safety training provided to workers, including generic training as well as training on specific work-related hazards, hazardous activities, or hazardous situations.	<a href="#">Key Sustainability Issues &gt; Employees and contractor health and safety &gt; Training and drills</a>
403-6	Promotion of worker health	The reporting organization shall report the following information for employees and for workers who are not employees but whose work and/or workplace is controlled by the organization: a. An explanation of how the organization facilitates workers' access to non-occupational medical and healthcare services, and the scope of access provided. b. A description of any voluntary health promotion services and programs offered to workers to address major non-work-related health risks, including the specific health risks addressed, and how the organization facilitates workers' access to these services and programs.	<a href="#">Key Sustainability Issues &gt; Employees and contractor health and safety &gt; Occupational health and safety initiatives &gt; Consideration for employees' health</a>
403-7	Prevention and mitigation of occupational health and safety impacts directly linked by business relationships	a. A description of the organization's approach to preventing or mitigating significant negative occupational health and safety impacts that are directly linked to its operations, products or services by its business relationships, and the related hazards and risks.	<a href="#">Key Sustainability Issues &gt; Employees and contractor health and safety</a>

## GRI Standards Content Index

Standard	Disclosure	Reporting requirements	Corresponding Web Pages
403-8	Workers covered by an occupational health and safety management system	<p>a. If the organization has implemented an occupational health and safety management system based on legal requirements and/or recognized standards/guidelines:</p> <p>i. the number and percentage of all employees and workers who are not employees but whose work and/or workplace is controlled by the organization, who are covered by such a system;</p> <p>ii. the number and percentage of all employees and workers who are not employees but whose work and/or workplace is controlled by the organization, who are covered by such a system that has been internally audited;</p> <p>iii. the number and percentage of all employees and workers who are not employees but whose work and/or workplace is controlled by the organization, who are covered by such a system that has been audited or certified by an external party.</p> <p>b. Whether and, if so, why any workers have been excluded from this disclosure, including the types of worker excluded.</p> <p>c. Any contextual information necessary to understand how the data have been compiled, such as any standards, methodologies, and assumptions used.</p>	<a href="#">Key Sustainability Issues &gt; Employees and contractor health and safety</a>
403-9	Work-related injuries	<p>a. For all employees:</p> <p>i. The number and rate of fatalities as a result of work-related injury;</p> <p>ii. The number and rate of high-consequence work-related injuries (excluding fatalities);</p> <p>iii. The number and rate of recordable work-related injuries;</p> <p>iv.
