

## Corporate Mission Statement

**The Group strictly complies with all laws and regulations, conducts fair business practices and contributes to people's daily lives as well as to the advance of industry and society by creating value through providing key materials and technologies.**

As a company trusted by society, the Group engages in a variety of corporate activities that always place a priority on safety and the environment.

We are also making efforts to contribute to environmental conservation by providing key materials and technologies.

The Group will build upon products, sales capabilities, manufacturing technologies and development capabilities accumulated up to now and continue taking on a wide range of global challenges to contribute to the development of society.
